FRONTEND DEVELOPER

I am a dedicated web developer with 1 year of experience, proficient in HTML, CSS, and JavaScript, specializing in building responsive and user-friendly web applications. I have hands-on experience with Angular and React frameworks, adept at creating dynamic and interactive interfaces. Additionally, I have utilized Next.js for server-side rendering and optimizing web application performance. I am familiar with Git for version control and have worked in agile development environments, demonstrating strong problem-solving skills and a quick ability to adapt to new technologies.

KEY COMPETENCIES

- HTML
- CSS
- JavaScript/TypeScript
- ReactJS
- Next.JS
- Angular
- Tailwind CSS
- Bootstrap,Material UI

PROFESSIONAL EXPERIENCE

Natlov Tech. Pvt. Ltd

Oct 2024 - Present

Frontend Developer

independently contributed to React-based projects and provided dedicated support for US-based client projects. Successfully managed end-to-end development tasks, ensuring timely delivery and client satisfaction.

Real-it Solution

April 2024 - Oct 2024

Frontend Developer

Implement responsive designs and ensure cross-browser compatibility.
Utilize Angular and React frameworks to create dynamic and interactive user interfaces.
Integrate APIs and third-party services to enhance application functionality.
Optimize web applications for maximum speed and scalability using Next.js for server-side rendering.

Chetu India

July 2023 - Jan 2024

Angular Trainee

As an Angular developer trainee, I learn and implement core Angular concepts like components, directives, and services. I assist in developing and maintaining responsive web applications using HTML, CSS, and Angular. I troubleshoot and debug issues to ensure cross-browser compatibility and smooth functionality. I integrate backend APIs to enhance data interaction and application features.

EDUCATION & CERTIFICATIONS

KIPM college of Engg. & Tech.

Bachelor's Degree in Computer Science 7.2CGPA
2019 – 2023

S.P.B. Inter College

10th -2017 82%
12th - 2019 64%

PROJECTS

- Figler(Figma Clone) using Next.js 14 and Fabric.js.
- Employee Management System Using Angular 16.
- Online Auction System Using React.js,MongoDB Express.js and NodeJS.
- Blog Website Using Angular and Firebase.
